

## Seasonal Variations for Lake Wildwood

This is a look at seasonal variations of sales in the Lake Wildwood subdivision in western Nevada County over the past 9 years. Note that the above graphs start at a value higher than zero at the lower left corner. Price per SF and overall price is greatest in the winter and spring, and lower in the fall. But that is when the percentage of sales is the least (below). 7/21/2010.
